UPPER ADAMS YFA ELECTION IS CONDUCTED

The Upper Adams Young Farmers unanimously re-elected all present officers at their meeting Thursday night at the Biglerville High School agriculture room.

The officers and directors are: Harold Huettner, president; Herbert Lady, vice president; Harold Garretson, secretary; Gene Staub, treasurer; Myles Starnes, public relations director; and Norman Blocher, Adams Lobaugh, Elliott Schlosser, Lester Taylor and George Wagner, directors.

Noting problems of maintenance of tractors, the members asked Advisors John White and Cecil Snyder to prepare a system of tractor maintenance records to provide longer service and less breakage. The members held that as farms get larger, maintenance will become increasingly important.

MEET NEXT JAN. 11

Snyder displayed two tractor service records he has developed for two of the members, one for gasoline tractors, the other for diesel tractors. In a discussion the members agreed that a brief record of daily service should be kept with the tractors at all times and a more detailed record should be kept for jobs not carried out daily should be maintained in the farm shop.

In addition to devising maintenance record forms for tractors, the advisors were also asked to develop similar maintenance forms for fruit sprayers.

John White outlined methods of laying out rafters for farm buildings and demonstrated methods of laying out the plumb cut, the seat cut, the end cut and how to determine the length of rafter needed. The class asked that a work sheet be worked out and given them for future reference. White also discussed methods of cutting brass and how to lay out stair steps.

A movie entitled "Stop Rats Forever" was shown the group.

President Huettner said he will announce his committees for 1962 in the near future. The next meeting will be held January 11.

JERUSALEM (AP) — Adolf Eichmann, Nazi Germany's expeditor of Jews to the gas chambers, was sentenced today to hang in Israel for "a crime of unparalleled enormity."

Moshe Landau, president of the special three-man Israeli court which tried and convicted the former Gestapo colonel, intoned: "This court sentences Adolf Eichmann to death for crimes against the Jewish people, crimes against humanity and war crimes."

Eichmann, now 55 and balding, stood stiffly erect for 15 minutes while the tribunal first gave its reasons and then condemned him to the gallows. Six hundred persons packing the courtroom were deathly silent throughout the brief session, then filed out with hardly a sound.

"BLOCK OF ICE"
Still the "block of ice" Jewish survivors of the Nazi pogrom called him, Eichmann never even gulped visibly. He quieted the

HERE AND THERE

CHRISTMAS

Celebration of Christmas — the most widely observed religious holiday of the modern world — was at one time illegal in early American history.

Colonial New England did not celebrate Christmas, according to researchers, because the stern Puritan colonists believed that such activities were wholly pagan and forbade them by law. Christmas came to the American colonies while it was the subject of strenuous controversy in England. The English Puritans condemned it as "popish" and the secular celebration as a "wanton Bacchanalian feast."

Opposition of the English Puritans to the festivals culminated in an act of Parliament in 1647 which abolished the observance of Christmas, Easter and Whitsuntide. This was echoed in the American colonies in 1659 when Puritans enacted a law in the general court of Massachusetts to punish those who "kept Christmas."

The law read "Whosoever shall be found observing any such day as Christmas or the like either by forebearing of (Continued On Page 16)

Probe Cause Of Bus-Train Crash That Killed 20 Youths

EUGENE FOSTER
GREELEY, Colo. (AP) — Colorado officials searched today for the cause of the school bus-train collision that killed 20 children Thursday.

The Colorado Highway Safety Council was investigating the possibility that overloading and poor visibility may have contributed to the accident. The council's executive secretary, Merf Evans, said in a report to Atty. Gen. Duke Dunbar that "ninety per cent of all school buses in Colorado are overloaded."

Thirteen children are in a hospital. Four others among the 37 children aboard were treated and released. The driver, Duane Harms, 23, suffered minor injuries and shock.

To Ask \$400,000 From State For "Dignified And Purposeful" Centennial

The 100th Anniversary Battle of Gettysburg and Lincoln's Gettysburg Address Commission adopted a basic program and will ask the Pennsylvania legislature for an appropriation of \$400,000 to carry out a dignified and purposeful observance of the centennial of the historic events in 1963.

Maj. Gen. Malcolm Hay, adjutant general of Pennsylvania and chairman of the commission, presided over the five-hour session which took place at Hotel Gettysburg Thursday afternoon.

Other state officials who attended were Dr. S. K. Stevens, executive director of the Pennsylvania Historical and Museum Commission and Harold Swenson, director of the travel and vacation division of the Pennsylvania Department of Commerce. James B. Myers, superintendent of the Gettysburg National Military Park, participated in the meeting.

SLASH IN BUS FEES MAY CUT GAS REVENUE

Reports from Harrisburg indicated that Adams County will lose nearly \$9,000 because the state reduced the registration fee for buses.

The report quotes the state Department of Revenue as announcing that Adams County will receive \$47,981 as its share of the semiannual payment of the one-half cent a gallon tax on gasoline and diesel fuel.

The check has not as yet been received at the Adams County Commissioners office. Normally it does not reach here until about December 23.

STATE FIGURES
But if the county receives \$47,981 at the present time from the liquid fuel fund it will have been given \$88,960.55 this year from the half-cent fuel tax allocated to counties or \$8,993.07 less than was received last year.

The amount compares to \$97,933.13 received in 1960 when the June check was \$43,744.12 and the December check \$54,209. This year the June payment was \$40,949.05.

According to the state Department of Revenue a total of \$8,190,429 is being distributed throughout the state. The report from Harrisburg states that the allocation is \$1,062,985 less than was distributed in the corresponding six months of 1960.

The articles states: "The department explained the reduction reflects the effects of legislation adopted this year which reduced the registration fee for buses used by mass transportation to \$16. The fee had been based on seating capacity. The difference between the two fees is the amount which is deducted from the county allocations."

It was not explained how the reduction in registration fees for buses can effect the revenue from the sale of gasoline.

President On Way South To Help Alliance

WASHINGTON (AP)—President Kennedy, undeterred by agitation against him and the United States in Venezuela, sets out today on his first Latin American journey as chief executive.

With Mrs. Kennedy, he scheduled a noon takeoff from Andrews Air Force Base, Md., for San Juan, Puerto Rico.

The Kennedys will spend the night with Gov. and Mrs. Luis Munoz Marin, then point Saturday for the scene of armed anti-U.S. outbreaks in Caracas, the capital of Venezuela. They fly from there to Bogota, Colombia on Sunday.

REDS STIR MOBS
Mobs prodded by Communists stoned, spat upon and battered cars bearing former Vice President and Mrs. Richard M. Nixon into Caracas on their goodwill trip to Latin America in 1958.

Gun-waving leftists seized a radio transmitter Thursday near Caracas and broadcast attacks against Kennedy. Echoing the charges of Communist Prime Minister Fidel Castro of Cuba, they declared Kennedy was plotting another Cuban invasion with Venezuelan President Romulo Betancourt. Earlier, 50 persons were arrested on charges of painting "Kennedy No" on walls in Caracas.

BOLSTER GARRISON
Riot police had to break up demonstrations last week, and stones were tossed at a group of U.S. senators visiting Caracas.

The White House has taken scant public notice of the Communist-inspired protests. Pierre Salinger, press secretary, said in advance of the President's take-off that absolutely no thought had been given to canceling the trip. He said the Caracas demonstrations had caused no uneasiness at the White House.

U.S. authorities have covered the route the Kennedys will follow throughout the weekend. Venezuelan officials have reinforced the Caracas military garrison and promised to summon additional troops if deemed necessary to guarantee the Kennedys' safety.

7 SHOPPING DAYS TILL CHRISTMAS

EMANCIPATION ORDER URGED

NEW ORLEANS, La. (AP) — The Rev. Martin Luther King Jr. has appealed to President Kennedy for a "second emancipation proclamation" to end segregation.

The Negro integration leader made his plea Thursday night after New Orleans officials canceled a Municipal Auditorium mass meeting he was to have addressed.

"You may cancel a meeting," King said, "but you can't cancel the date New Orleans and the South has with destiny. You can't cancel our determination the Negro has to be free in this day and age."

King, who said he would go today to the scene of mass Negro arrests in Albany, Ga., labeled charges he was an agitator as "trumped-up."

Thursday night's meeting was switched to a church, where about 1,000 persons gave King a standing ovation.

BOLLINGER'S APPEAL HEARD

Pennsylvania Superior court was asked at Philadelphia Thursday to set aside the conviction of Clair L. Bollinger, who formerly operated a detective agency on York St. and grant him a new trial on five charges of extortion and false pretenses.

The court will rule later on the request.

Bollinger was found guilty last January by a jury in York County court of accepting from the county costs in criminal cases in which the Commonwealth contended he did not serve either the original warrants or commitment papers as a public officer.

His commission as a constable and his license as a private detective were withdrawn by the court, and Bollinger was sentenced to 90 days in jail and ordered to pay \$750.

Bollinger's lawyer, Attorney Dell'Alba told that court Thursday "There was no criminal intent, and the defendant accepted the fees even though service was by someone else because the practice was prevalent in York County. It has been going on for over 50 years."

Dell'Alba asserted that Bollinger at the most should have been sued civilly by the county for the return of fees.

WILD GUNNER ROBS BANK

NEW YORK (AP)—Two robbers, one described as a wild, trigger-happy tommy gunner, invaded a Brooklyn bank today and killed a guard, sprayed the walls with bullets and fled with an undetermined amount of money.

They also exchanged shots with a foot patrolman who raced to the scene, Salvatore Accardi, a bullet from the robbers struck the officer's shield and knocked him through a glass door, causing cuts on his leg and wrist.

Hospital attaches said later that the badge saved the officer's life by deflecting the bullet.

The holdup took place at a branch of the Lafayette National Bank, at 4300 Kings Highway.

The robbers burst into the bank, herded customers and employees against the wall and started shooting.

Guard Henry A. Kraus, 53, was killed instantly.

Rescue 7 From Plane Crippled Afloat At Sea

MIAMI, Fla. (AP) — Seven persons who had clung through the night to a flying boat, tossed by choppy seas, were rescued today by the tug Maggie after a quick run out of Nassau.

The Coast Guard reported that all seven appeared to be all right. The plane, a converted Navy PBY flying boat, was taken in tow by the Maggie.

Crippled by engine trouble, the PBY was ditched in reef-cluttered Atlantic waters 65 miles south of Nassau Thursday night.

A Florida business associate said the plane took A. Alex Shuford, president of Shuford Mills of Hickory, N.C.; Hal Simms, president and general manager of the Royal Crown Bottling Co. of Hickory, and several other persons from Orlando, Fla., to Caracas, Venezuela, Friday.

Kennedy Sends Mediator To Help Negotiate Peace In Congo On Tshombe Plea

By LEWIS GULICK
WASHINGTON (AP) — Hopes ran high in Washington today for a peaceful solution of the Congo dispute.

The hopes depended on acceptance by Katanga President Moïse Tshombe of an offer which the White House press secretary, Pierre Salinger, said President Kennedy sent to Tshombe Thursday night.

Kennedy's letter may be made public today.

U.S. authorities regarded as a potential major breakthrough in the Congo muddle a cable which Tshombe sent Kennedy Thursday.

WILL NEGOTIATE

Informants said Tshombe indicated a willingness to negotiate with Congolese Premier Cyrille Adoula and—as reported by the Brussels radio—asked Kennedy to "appoint a worthy negotiator and stop immediately this useless bloodshed."

Kennedy personally moved into the ensuing diplomatic maneuvering. While Adlai E. Stevenson, U.S. Ambassador to the United Nations, cleared moves with acting U.N. Secretary-General U Thant in New York, Kennedy notified Adoula and named the U.S. Ambassador in the Congo, Edmund Gullion, as his personal representative in the Congo situation.

Weather

Extended forecasts for Dec. 16 through Dec. 20:

Western Pennsylvania — Temperatures will average 1 to 3 degrees below normal. Warmer late Saturday and Sunday, colder Tuesday and Wednesday. Precipitation will average 1/4 to 1/2 inch melted, occurring as rain or snow Sunday or Monday and scattered snow flurries Tuesday.

Middle Atlantic States — Temperatures will average slightly above normal. Colder Saturday will be followed by warmer about Sunday or Monday and colder about the middle of next week. Precipitation will average between one-tenth and three-tenths of an inch, occurring as rain or snow the first of next week.

Eastern Pennsylvania, southeastern New York and New Jersey — Temperatures are expected to average 2 to 9 degrees below normal except near normal in extreme southern Pennsylvania. The current cold spell should persist into Sunday with moderating temperatures Monday and Tuesday and turning colder again by Wednesday. Precipitation may total between one-tenth and five-tenths of an inch occurring as snow flurries in upstate New York and northern Pennsylvania about Sunday and more general precipitation Monday night or Tuesday.

Eichmann

(Continued From Page 1)

be tried in this state which holds itself as the protector of all Jews in the world.

Israeli legal authorities say he may be the last one brought to judgment here. They reason the case has served to chronicle what happened to the Jews during Hitler's Third Reich, how the plot to exterminate the race came into being, and how six million Jews died.

GREAT "ENORMITY"

Judge Landau, who presided over the three-man tribunal that tried Eichmann, again denounced him in his statement of sentence and termed his crimes "of unparalleled enormity."

Delivering the sentence in Hebrew while Eichmann listened through earphones to a translation in his native German, Judge Landau declared: "for the due punishment of the accused and to deter others in the future, the maximum penalty laid down by the law has to be imposed in this case."

"The aim of the crimes against the Jewish people of which the accused has been convicted was to blot out an entire people from the face of the earth. Such total crimes are of an even graver nature than the sum total of the criminal acts against individuals."

GETS DEATH SUIT

The sentence marked the climax of a 100,000-word judgment that the judges spent three months writing and two days reading earlier this week.

Eichmann left the courtroom to exchange the neat blue suit, white shirt and striped tie he wore for his trial for the red suit of a condemned man, prescribed by British practice which Israel adopted.

A special death cell must be created in the Haifa prison for him. Israel abolished capital punishment for all crimes except those against the Jews and high treason and does not possess a death cell as such.

COST \$5 MILLION

Eichmann, who was head of the Gestapo Jewish affairs division was one of the last major Nazis known to be at large, was captured in Argentina after years of running away in attempt to hide his identity.

Israeli agents kidnaped him in May 1960 and brought him to Israel, which refused Argentine demands to surrender him.

Eichmann's pretrial interrogation itself was a marvel of seemingly frank confessions. Later he tried to repudiate a lot of it but the Israeli judges found him a liar.

The trial cost Israel about \$5 million.

Reapportionment Session Is Delayed Until January

By DAVE LEHERR

HARRISBURG (AP) — It looks as though Gov. Lawrence will have to wait until next year before calling a special session of the legislature on the explosive congressional reapportionment stalemate.

Prospects for a session before Jan. 1 were virtually ruled out by Lawrence Thursday at his weekly news conference.

"Grim" was the word used by the governor.

"I was hopeful . . . I could call it for next Monday," he told newsmen. "But it looks pretty grim . . . because we are running out of days. Then the following week is Christmas week and you would have great difficulty getting members to come then, I think."

Lawrence's remarks held out speculation that he would call the session to run concurrently with the regular 1962 legislature which is limited by law to only those matters pertaining to money.

The concurrent sessions — first in the state's history — would begin Jan. 2.

Pennsylvania must compress its 30 congressional districts into 27 by Feb. 20, because it failed to keep pace with the rest of the nation in population growth recorded in the 1960 census.

Should the state fail to come up with a reapportionment plan by the February deadline, the 27 congressmen would be elected on an at-large basis — something neither Democrats or Republicans would relish.

CONFUSED VOTE
An at-large vote "would be really chaotic," Lawrence declared. "There would be a lot of tricky stuff engaged in. Regardless of trickery, it would be chaotic because of the great numbers (of candidates) and the fact that the average voter would have great difficulty picking out 27 people that he knew."

Only last week, eight of the state's 14 Democratic congressmen met in an effort to hammer out a solution to the reapportionment problem.

However, Lawrence noted Thursday, they couldn't agree on anything until the other six had been apprised of what was happening in Cuba.

INCREASED AID FOR S. VIET NAM IS ORDERED

WASHINGTON (AP) — President Kennedy today ordered increased assistance for the defenses of South Viet Nam in its desperate efforts to repel Communist aggression from the North.

Government officials said this will not mean sending any American combat troops to Viet Nam.

Kennedy acted in response to an appeal from President Ngo Dinh Diem of the Vietnamese Republic.

Diem said his country "now faces what is perhaps the gravest crisis in its long history" and "We must have further assistance from the United States if we are to win the war now being waged against us."

Diem said the forces of international communism which are arrayed against his country are "more than we can meet with the resources at hand."

Kennedy reacted with word that: "We shall promptly increase our assistance to your defense effort as well as help relieve the destruction of the floods which you describe. I have already given the orders to get these programs under way."

The exchange of messages between the two presidents was made public simultaneously here and in Saigon.

Kennedy didn't spell out what he meant by increased assistance to the Vietnamese defense effort. Other administration sources said that this must not be taken to mean that U.S. fighting men will be dispatched to the area. There has been frequent speculation on this possibility in the past.

Rather, government sources said there will be across-the-board assistance of the kind the United States has been giving Viet Nam, plus improved technical advice to enable the Vietnamese to make better use of equipment to be placed at their disposal.

Browns Sign Terps' End Gary Collins

CLEVELAND (AP) — The Cleveland Browns of the National Football League have signed Gary Collins of Williamstown, Pa., an outstanding end and punter at the University of Maryland.

The 21-year-old Collins, first draft pick of the Browns, was signed Thursday in Maryland. Cleveland officials reported. Collins had been sought also by the Boston Patriots of the rival American Football League.

"I'm pleased to be with the National Football League and the Cleveland Browns," said Collins said "They have always been my favorite team. And it will be a wonderful opportunity for me to play for him (Coach Paul Brown)."

Brown called Collins "an all-around athlete" and said that with his fine speed he should strengthen the Browns' receiving. "This should also help our passer, Milt Blum, and take some heat off Ray Renfro," said Brown.

Today's Talk

IDEAS AND THINGS
In the first place an idea stalks like a giant beside a thing — no matter what it is.
Ideas to the mental and spiritual growth of a man may be likened to the vitamins that give strength and life to the body.
The man who breeds ideas is a benefactor, a forerunner, often a prophet, and always a first class citizen of the world. But he who just does things, without knowing why, becomes just so much driftwood. You see him pass by and that's about all.
I went into a newspaper office one day and saw a machine printing news dispatches from a great press organization upon a roll of paper. Then, every few minutes, a boy came and tore off a piece for the editor to go over and then hand to the linotype who sent it on its way into the columns of the paper. Formerly an operator had to take it first and then type it.
I looked upon the machine. It was just a thing. But behind that machine was an idea. Some brain created it.
Wherever there is liberty and progress, there are to be found men of ideas.
Behind everything worthwhile and beautiful is an idea.
Ideas are what light the fires of enthusiasm. Ideas are what give initiative.
Ideas sent the covered wagons across the plains. Ideas built the steamboat, the railroad, the jet plane, the electric light, the radio, the TV, the moon rocket. Can you think of anything useful, or of scientific interest, that an idea didn't create?
Never mind things — get an idea and put it to work!
Tomorrow Mr. Adams will talk on the subject: "Get To The Heart Of Life".

Overflow Audience Jams Majestic Theater To Hear Concert By College Choir: So great was the crowd which attempted to jam into the Majestic theater Sunday night for the eleventh annual Christmas concert by the Gettysburg college choir that the theater doors had to be closed long before the opening of the musical at 8:30 o'clock.

Every available seat in the theater was filled by 8 o'clock and a few minutes later the theater doors were closed, every bit of standing room in the main auditorium and balcony being filled with standees.

Says Adams County Is Second Highest Producer Of Race Horses In Nation: "Adams county can number horses among its other industries," Lawrence B. Shepard, president of the Hanover Shoe company and of the Hanover Shoe farms, told the local Rotary club at its regular meeting in the YWCA Monday evening.

"During 1946 Adams county ranked second in the United States in the production of horses," Shepard added, "with only Fayette county, Kentucky, in which Lexington is located, ahead of Adams."

"The sale of yearlings by the Kentucky county brought \$297,000 while sale of the Adams county yearlings brought over \$250,000."

Treasurer's Office Has Gift Tip For Fido—New License: The Adams county treasurer's office today suggested as a thoughtful Christmas gift for one's pet dog a nice new 1947 dog license.

Five thousand of the licenses arrived today at the office of Treasurer D. C. Stallsmith, and owners of canines are required to secure the 1947 permits prior to January 15.

Coin Removed From Stomach Of 3-Year-Old: A five-cent piece swallowed by Paul C. Furlow, aged 3½ years, son of Mr. and Mrs. Elmer E. Furlow, Littlestown R. 2, Wednesday afternoon at 5 o'clock was removed this morning at the Temple University hospital, Philadelphia.

The youngster's mother said today that Paul and his brother, Elmer, aged 4½ years, were playing with nickels given them by a neighbor when the younger brother swallowed his coin. He told his mother of the incident and the child was rushed to the Hanover hospital where X-rays revealed a coin in his stomach.

Instruments for removing articles from the stomach being unavailable at the Hanover hospital, the child was rushed to the Temple university hospital where the removal took place this morning.

Marriage License: A marriage license was issued at the court house here today to Richard Burnett Hartlaub, son of Mr. and Mrs. Dennis C. Hartlaub, Littlestown and Dorothy Elizabeth Stonesifer, daughter of Mr. and Mrs. Paul H. Stonesifer, also of Littlestown.

State patrolmen said the diesel locomotive struck the rear of the bus near the dual wheels. Those wheels and four rear seats were dragged 455 feet down the railroad. The main section of the bus was hurled 192 feet.
SOUNDING HORN
Sommers said he applied the emergency brakes about 50 to 75 feet before the impact. The train traveled about a mile beyond the crossing.
Sommers said he began sounding the locomotive horn about 500 to 600 feet before the crossing. "You could look down in the bus and could see the windows were slightly frosted," Sommers said. The crash occurred in 10-degree weather. The gravel road was clear of a recent three-inch snow.

Asst. Dist. Atty. Karl Ahlborn said Harms' statement said the bus windows were slightly frosted or steamed but the windshield defroster was operating.

The bus had picked up about two-thirds of its normal load before the crash. The pupils attend the Delta Elementary, Meeker Junior High and Greeley high schools.

\$500,000 Worth Of Stolen Art Found In Motel Room

PITTSBURGH (AP)—The FBI was pressing its search today for three men who allegedly left nine stolen paintings valued at a half million dollars in a motel room in nearby Coraopolis.

The paintings, taken from the suburban Whitehall home and art gallery of retired industrialist G. David Thompson last July 28, were recovered by FBI agents.

The FBI said another painting has been recovered earlier. According to the FBI, the nine paintings were deposited at the Hotel Pittsburgher Motel.

Bert Schwartz, owner of the motel, told the Associated Press the paintings were found in a room registered under the name of a Roy Adams of Philadelphia.

Schwartz said a Ken Phillips of New Castle, Pa., registered along with Adams but took a separate room.

"When they checked in, they didn't have the paintings with them," Schwartz said. "Adams and Phillips were brought in by someone else. They didn't have a car of their own."

Schwartz said the two men left shortly thereafter and never returned. He said he didn't see them leave.

"Then yesterday (Wednesday) afternoon, a man came in and asked if he could drop off a package in Adams' room," Schwartz said. "My men said it was a very large package."

Although the FBI would not disclose how they knew the paintings were in the motel, Schwartz said he discovered that an FBI agent had registered in another room Wednesday. He said the FBI contacted the motel manager Thursday morning who let them

in the room. The FBI would not say whether they have any leads on a Roy Adams or Ken Phillips.

"We are not looking for men with those names," Bernard C. Brown, special agent in charge of the Pittsburgh office, said.

The case broke Wednesday with the arrest of Ralph C. Hobbs, formerly of Beaver County, Pa. Hobbs, 45, was charged with transporting stolen goods from Ohio to the Pittsburgh area.

TRIED EXTORTION
The FBI said Hobbs had given one of the paintings to Thompson while trying to negotiate payment for the art. At one time Thompson had offered \$100,000 reward for the return of the paintings with no questions asked.

In that connection, the FBI said they have arrested another man, Grant Smith of Louisville, Ky., and charged him with fraud by wire.

Brown said Smith, a 29-year-old unemployed laborer, allegedly attempted to extort money from Thompson on a false claim that he could produce the paintings.

Mount Trounces Moravian 81-62; Face Phillips 66 At New Oxford Tonight

After getting off to a slow start, the Mt. St. Mary's College basketball team hit its stride to lace Moravian 81-62 Thursday evening at Bethlehem for its sixth consecutive victory. The Mounts are now 6-1 while Moravian is 2-2.

Neither team could click during the first four minutes of play when the score stood 2-2. Moravian then moved ahead and midway in the first half held a 12-6 advantage. Mt. St. Mary's was without a field goal for the first eight minutes.

The Phelan-men then began a comeback and finally a three-point play by John O'Reilly put the Mountaineers on top at 13-12 and after that they were never headed. At half time the Emmitsburg outfit led 38-28.

There was no stopping the Mount in the second half as they outclassed their rivals and at one time held a 68-44 lead, their biggest margin of the game.

O'Reilly and Dave Maloney each collected 22 points in leading the attack for the winners. Capt. Dick Talley, who missed Tuesday's game at Catholic University due to an injury, returned to action and bagged 13 points while Dave Samuels contributed 12. Ed Wolfson was top man for the losers with 23.

PFEIFFER OUT INDEFINITELY

Eddie Pfeiffer, the fiery little play director for the Mount, missed his second straight game because of stretched ligaments in his left shoulder received last Saturday against Hampden-Sydney. He has been receiving treatment from Romeo Capozzi, Gettysburg College trainer, and is hopeful of resuming action following the holiday vacation.

Tonight Mt. St. Mary's faces one of its biggest tests when it opposes the Phillips 66 Oilers, AAU powerhouse, on the New Oxford High School floor at 8 o'clock. The Oilers recently returned from overseas where they compiled a 14-0 record and now have a four-game winning streak after losing their first game on their return to the United States.

Proceeds of tonight's game will go to the New Oxford High School athletic fund.

BISONS AWAIT INVASION BY G-BURG CAGERS

LEWISBURG—Still seeking its first victory of the current season, Bucknell's basketball team hosts Gettysburg Saturday night and the Bullets will bring to town one of the top backcourt combinations in the Middle Atlantic Conference.

Led by Ron Warner, a 5-10 Senior guard from York, who received the most valuable player award in the MAC last year, the Bullets (3-2) will be playing their first Middle Atlantic Conference game against the Bisons.

Joining Warner in the backcourt playmaker from Yeadon, who has been the team's second highest scorer for the past two years, The other probable starters, all Seniors, are George Burnett, John Fleming and Bruce Simpson.

Leading the Bucknell attack is Capt. Joe Steiner, a 6-4 Senior from Punksatunway, who led the MAC in scoring last season, but has been able to manage only a 12.8 average in the first four games this winter.

FRY VS. WARNER

A feature of the game should be the backcourt duel between Warner and Bucknell's Bill Fry. A 6-0 Sophomore who also hails from York, Fry has averaged only 6.3 points per game thus far, but is third leading rebounder on the team and a standout playmaker.

The other probable starters for Coach Ben Kribbs' team are Sophomores Don Hester and Angie Gentile, and Senior Don Lampus. Captain Mike Fadden, Junior Tom Johnson and Sophomore Bill Storch should also see plenty of action.

The Bisons have lost four straight to St. Joseph's, Lafayette, Cornell and Delaware and are 0-3 in the MAC. Saturday's game will be the final outing for the Bisons until they meet Rutgers in Lewisburg on January 2.

The Bucknell and Gettysburg freshmen teams will meet in the preliminary game at 6:45. The varsity contest is slated to get underway at 8:30.

DUQUESNE AND DUKE TO MEET IN STEEL BOWL

By BOB GREEN

Associated Press Sports Writer
A key match between two unbeaten — Duke vs. Duquesne — highlights tip-off action in a flock of holiday college basketball tournaments that open tonight.

It was supposed to be a rebuilding year for sophomore-dominated Duke but the Blue Devils may have put it in the past tense — rebuilt.

They've taken five straight, including two Atlantic Coast Conference games, and have been impressive doing it. Their average margin of victory is slightly over 25 points.

Against Duquesne, in first round action of the Steel Bowl at Pittsburgh, the Blue Devils may find a major clue as to how well the rebuilding has been accomplished.

UPSET BOWLING GREEN

Duquesne, probably the top team Duke has yet encountered, didn't attract much attention in winning its first two but leaped into the limelight with a whipping 68-44 upset of highly-regarded Bowling Green.

Their match heads the tournament list that also includes first round action in the Birmingham Classic at Birmingham, Ala., the Blue Grass Festival at Louisville, Ky., and the City of Roses Tourney at Portland, Ore.

The other first round game at Pittsburgh matches host Pitt and Arizona. At Birmingham, Alabama goes against Virginia Tech and Auburn against Louisiana State. In Louisville, St. Bonaventure tries Western Kentucky and Texas takes on Louisville. In Portland it's Seattle against Houston and St. Mary's (Calif.) vs. Portland.

OTHER GAMES

In some of the other top games, St. John's of New York plays Kansas and Marquette tries Kansas State in a doubleheader at Lawrence, Kan. San Francisco is at fifth-ranked Providence and Wake Forest (No. 3) visits Virginia.

Arkansas stormed to its fourth straight victory, 87-59 over Tulsa, at the top of Thursday night's light schedule, while Bowling Green conquered Michigan 77-67 and Wichita edged Ohio University 38-55.

Roger Maris Is AP's Male Athlete Of Year; Hornung, Spahn Are Second, Third

By BEN OLAN

Associated Press Sports Writer
Roger Maris of the New York Yankees, the American League's most valuable player and home run champion and the maa whose dramatic pursuit of Babe Ruth's record enthralled the baseball world, is The Associated Press' male athlete of the year for 1961.

The outfielder, 27, who hit 61 homers, a record for a single season, was the overwhelming choice in the balloting by 253 sports writers and broadcasters in the annual AP poll.

Paul Hornung, Green Bay's outstanding halfback, was second and Warren Spahn, Milwaukee's veteran southpaw pitcher, was third. They were followed by Ernie Davis, All-America halfback from Syracuse, and Mickey Mantle, Maris' slugging teammate.

FIRST PLACE VOTES

Maris was named first on 160 ballots. Mantle was second with 18 firsts followed by Spahn with 14. On a basis of three points for first place, two for second and one for third, Maris collected 555 points, Hornung 108, Spahn 95, Davis 79 and Mantle 77.

Maris will receive the fraternal Order of the Eagles-Fredrick C. Miller Trophy at a dinner in Milwaukee, Jan. 4. He is the first baseball player to win the trophy since Ted Williams in 1957. It was won last year by Rafer Johnson, the Olympic decathlon champion and world record holder.

Bucher Is Elected By Masonic Lodge

Donald B. Bucher was elected worshipful master of the Good Samaritan Lodge of Masons at its annual election Thursday evening at the lodge home on Lincoln Square. He will succeed Henry M. Krick. The new officers take over their duties as of noon December 27.

William R. Fisel was elected senior warden; George E. Hollabaugh, junior warden. Re-elected were Kenneth W. Johns, treasurer; Ray J. Kitzmiller, secretary; Arthur E. Hutchison, Dr. Lloyd C. Keefe and Attorney Eugene R. Hartman, trustees, and Paul A. Legore, representative to the grand lodge.

Installation services were held for the new officers immediately following the election Thursday night.

The annual St. John's Day banquet will be held at the American Legion Home on the evening of December 27. It was announced that Rev. James Moreland, Harrisburg, minister and chaplain of Zombo Temple, will be the dinner speaker.

Philly Okays Tract For New Stadium

PHILADELPHIA (AP) — City Council, in an unanimous action Thursday rezoned a 640-acre tract in northeast Philadelphia from a residential and commercial to a sports stadium zone—giving the go-ahead to developers who plan a harness race track there.

Council had held up action on the rezoning request for a year, pending compliance of track owners with certain zoning regulations.

The track, to be called Liberty Bell Park, will cost \$12 million. It will seat 30,000 persons with parking facilities for 12,000 cars. The track corporation is headed by James W. Clark, Philadelphia trucking company official.

Maris' pursuit of the games' most cherished record—Ruth's 60 home runs—swept the pennant races, expansion and the performances of the game's other stars into the background.

Then, on Sept. 26, Maris hit No. 660. And in his final game of the regular campaign on Oct. 1, he belted a fastball into the right field stands in Yankee Stadium off Boston's Tracy Stallard for No. 61.

Maris also recorded the most total bases in the league, 366 and the most runs batted in, 142. His batting average was .269.

Rounding out the first ten in the voting were Y. A. Tittle, veteran quarterback of the New York Giants; Whitey Ford, 25-game winning pitcher for the Yankees; Ralph Boston, who set a world record in the broad jump with a leap of 27 feet; Valery Brumel of the Soviet Union, the world's leading high jumper, and South Africa's Gary Player, winner of the Masters golf tournament.

Ellis Divinye's Colonials outshot their rivals from the field 14-10 but lost out at the foul line where the Mustangs netted 24 of 37 tries while New Oxford made good on eight of 15.

Gary Smith's foul was New Oxford's only point in the first quarter when the Mustangs took an 8-1 lead. The Colonials battled back to trail only 13-11 at half time.

In the third period New Oxford knotted the count at 13-13 and 17-17 before South Western started to pull away.

The winners were led by Bill Halter with 19 points, 13 of which came on 22 free toss tries. Craig Duterra was the Colonials' top man with 12 tallies.

In the preliminary New Oxford reserves bowed 38-26.

Warriors Win; Celtics Lead

By THE ASSOCIATED PRESS
The Philadelphia Warriors are winning. Wilt Chamberlain is scoring like no one in basketball before but there's still no catching the Boston Celtics in the National Basketball Association.

The Celtics, with six players in double figures but only two scoring more than 20 points, pushed their record to 21-3 and held their Eastern Division lead at 6½ games over Philadelphia with a 123-108 romp over the Chicago Packers Thursday night.

The Boston victory came in the opener of a doubleheader at Philadelphia. The Warriors, with Chamberlain scoring 43 points and Paul Arizin 32, whipped Syracuse, 136-125 in the second game.

In the only other game scheduled, Detroit pulled ahead in the closing minute for a 107-103 decision over the Cincinnati Royals.

Gene Shue's field goal and four free throws in the last 40 seconds did the job for the Pistons as they snapped Cincinnati's four-game winning string.

SAY JAYHAWKS AND OWLS ARE MUCH ALIKE

By MAX B. SKELTON

HOUSTON, Tex. (AP) — Jack Mitchell said today his Kansas Jayhawks and the Rice Owls, opponents in Saturday's Bluebonnet Bowl game, are very much alike.

"I'd say they are about even," said the Kansas coach. "It ought to be a good, offensive game."

Mitchell arrived Thursday, a day ahead of his Big Eight Conference team. He was worried because his Jayhawks have had only two practice sessions outdoors since their final regular season game with Missouri.

"The weather has kept us indoors and we really don't have a place to work indoors," he said. "We need work on blocking and pass defense. I really don't know what to expect."

The former Oklahoma quarterback said neither Rice nor Kansas has an explosive-type player who can break up a ball game in a hurry.

Scores Greed, Selfishness At Christmas

By REV. C. R. SIMMONS JR., Pastor, Church of the Brethren

"Now when they had departed, behold, an angel of the Lord appeared to Joseph in a dream and said 'Rise, take the child and his mother, and flee to Egypt, and remain there till I tell you; for Herod is about to search for the child, to destroy him.'" Matthew 2:13.

Herod sought to destroy all that made the first Christmas. Brutal forces confronted the starshine on a newly born child. Brutal and consenting forces confront Christmas on this anniversary of the divine event. General William Booth's wife asked her oldest daughter, "Kate, why is it that God can't keep a thing pure for more than a generation?" We ask that question about Christmas this year. Further, we ask, how did the "impurity" of commercialization take over? What can we do

to rescue Christmas from the stained hands which degrade it? There are some things which we can do! First, let's rescue Christmas from the greedy, the selfish, and the thoughtless. Our greed and selfishness have made this season of the year the largest sales quarter of the year. All of us are involved since the sales of merchandise are dependent on customers. It will take great courage and even sacrifice to stem the tide of the thoughtless behavior in our society, and to once again put the emphasis on Christ instead of Santa Claus, and on giving instead of getting. The greatest event in human history, the birth of Jesus Christ, must again become the central theme

of our thoughts, words and deeds! A second step in the rescue of Christmas from paganism is to stop in our own character the arrogant and intolerant practices which despise the race from which — humanly — Christmas came, and to refrain from unjust criticism of any of God's children which would exclude them from the feast He has prepared. Literally, this means removing all barriers which make us intolerant of each other whether they be social economic, religious, or race. God's love and forgiveness is proffered to all men here for our use, the greater man for God is so great that no one has the qualifications to be more than humble "child of the Most High."

Let's rescue Christmas from the cynic and the skeptic, who insist that the Christmas message of God's incarnation in Jesus Christ is too good to be true. In an age of rapidly increasing knowledge the facts about our universe must not blind us to either the purpose of its creation to Him Who is creating it. Increasing awe should grip us as each particle of learning opens the door wider to the mysteries that we do not understand. Likewise, the more we discover the vast resources God has placed here for our use, the greater should be our sense of His goodness to us. Therefore, His incarnation in Jesus Christ should be

news that we both welcome and cherish more and more as we learn about His creation. And finally let's save Christmas from being ruined by childishness and give it back to the childlike of heart. Shortly before his death, Lloyd C. Douglas wrote a message entitled "Advent for Adults." In it he said: "This year we've got to get Christmas out of the cradle. We've got some machinery in motion, this time, that no baby can operate." Childishness runs to the cradle, but bypasses Galilee and Calvary and Olivet. Childlikeness enters the Kingdom of Heaven. Trust, awe, wonder and love are the passports into the heavenly country. Have you applied for your passport?

THE CHURCH FOR ALL ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

by Lucrece Beale

SYNOPSIS: Santa Claus arrives in Polydora to help King Ferdinand in his fight with the giant Ipswitch and the haunts in his palace. Santa barely arrives when the Pineapple Upside Down Cake disappears!

CHAPTER ELEVEN THE PINEAPPLE UPSIDE DOWN CAKE

As Santa and the King pondered what to do next, the little red-headed fairy slipped from Santa's boot and danced across the room.

"What on earth is that?" asked the King, hardly able to believe his eyes.

"Ah," said Santa. "He's the fellow who brought me the torn up pieces of your letter. He lives in your palace and he has been having trouble lately finding crumbs in the kitchen."

"But not any more," cried the little fellow. He drew out the soft rubbery magnet Santa had given him and pulled it across the floor. Instantly the magnet was covered with crumbs.

"Why it's crumbs from my Pineapple Upside Down Cake!" exclaimed Santa leaning down and licking the magnet.

"Then whoever took the cake must have left a trail of crumbs!" said the King.

"Clues!" agreed Santa. "We've only to follow the trail and—"

"We'll find the thief!"

The red-headed fairy, dragging the magnet, led the way as the three of them crept out of the room. In the corridor they turned to the right but no crumbs appeared. They turned back and went to the left. Immediately a sprinkling of crumbs gathered on the magnet. They turned into the East Wing. The magnet drew no crumbs. They turned into the West Wing and there the crumbs, flying to the magnet, led them past room after room until they came to the closed door of a private apartment.

"Here lives the thief!" whispered Santa.

The King shook his head. "Impossible."

"Why? Whose room is this?" asked Santa.

"The Minister of Science. A

most worthy man. Furthermore he has a poor stomach and never eats rich food. He certainly would never dream of touching Pineapple Upside Down Cake even if it were served to him at a royal banquet."

"Nevertheless," said Santa. "The Pineapple Upside Down Cake came to this room. That we know."

The King scratched his head thoughtfully. "If only we could set up a watch at the door."

"Ah," said Santa. "That reminds me!" He pulled his Seeing Eye from his pocket and explained it to the King. "We will set the Eye here in the wall facing the Minister's door and then watch from your own room. He set up the Eye and laid the wire under the carpet back to the King's room. Then the two of them settled back to watch through the glass at their end.

They had just gotten comfortable when they saw the door to the Minister's room slowly open. The next instant a small wet red blob waved at the far end of the glass.

"Good Heaven! It's a tongue!" cried Santa. "I believe someone is sticking his tongue out at us!" He shook the glass to see if

something else wouldn't appear. But now the eye was a blank. "Extraordinary!" mused Santa. "That's the littlest tongue I ever saw."

"The Minister of Science is a very big man," said the King thoughtfully.

"Perhaps he can shrink himself," said Santa. "I once read a story about—"

But he got no further for suddenly the lights went out, there was a muffled cry in the dark and then a crash. Santa, stumbling around in the dark cried, "What's happening? Where are you?"

An instant later the light went on. But now Santa was alone. The King had disappeared.

FORM GROUP TO HELP CONGO GAIN FREEDOM

NEW YORK (AP)—A committee was formed Wednesday to aid Katanga, the Congo province now battling a United Nations force.

The new group is called an American Committee for Aid to Katangan Freedom Fighters.

It said it intended: "To mobilize maximum public support for a Katangan fight for self-determination."

"To vigorously protest illegal United Nations action against Katanga, and the United States air logistical support of this action."

"To supply the freedom fighters in Katanga with all aid—political, material, relief and otherwise."

Among the 81 sponsors of the committee are Sen. Everett M. Dirksen, R-Ill., former governors Charles Edison of New Jersey and J. Bracken Lee of Utah, retired Gen. Albert C. Wedemeyer, former American Legion Commander Martin B. McKneally and William J. Buckley Jr., editor of the right-wing National Review.

NEGRO IS CHAIRMAN

Chairman of the committee is Dr. Max Yergen, Negro educator and author.

Yergen in 1948 resigned as executive director of the Council on African Affairs in a split with a faction he called pro-Communist.

The new committee said the Katangans were "being overwhelmed by external powers which are bent on coercively subjecting them to a centralized regime."

The regime referred to, it added, has "proved its incapacity to govern and has failed to successfully resist Communist penetration."

Other sponsors include Lt. Gen. Lewis H. Brereton, Brig. Gen. William H. Wilbur, Adm. Ben Moreell, all retired; Spruille Braden, former assistant secretary of State; and professors from 17 universities and colleges.

PLAY HOOKY FROM SCHOOL AND ARE FETED

NEW YORK (AP) — The last thing John Edwards and Michael Unger wanted was publicity. So what did they get? Publicity.

John and Michael, both 17, were playing hooky Wednesday from at least two classes at Manhasset High School. They figured they could cut a gym class and a study period, take a tour of the United Nations, and then get back to their school on Long Island.

They bought public tour tickets like everybody else, but Edwards happened to become the one-millionth visitor to the U.N. in a 12-month period.

As the millionth ticket holder, Edwards was given the VIP treatment — including newsreel shots, press photographers, luncheon in the delegates' dining room, and a private tour of the premises.

UNGER IS INCLUDED

Unger, No. 999,999, got in on the honors too.

It was great sport, but very embarrassing after the lads returned to school before afternoon sessions.

Solve Problem Of Using Gold Teeth

BUFFALO, N. Y. (AP)—Dentistry has solved the problem of using gold for its good filling qualities without making a patient's mouth look like a jewelry store window.

Dr. John F. Johnson of the Indiana University School of Dentistry told a dental meeting here recently that porcelain veneers baked to the gold filling surface cover the gold and closely resemble the color and surface texture of natural teeth.

The new process is based on a natural binding that exists between gold and porcelain when they are baked together.

LONDON (AP) — The British Aircraft Corp. Thursday confirmed it has signed a contract to sell Vickers Viscount prop-jet airliners to Communist China. Reports said the Chinese ordered six planes.

sions ended.

A school official reported by phone to Mrs. Edwards that her son had a "fantastic excuse" for his absence.

Mrs. Edwards said she considered her son's experience "absolutely hilarious," but quickly added she did not approve of his cutting classes.

Their big yen to see the U.N., said John and Michael, stemmed from a course they took in political and economic theory.

MICHIGAN MAY LEAD WAY FOR STATE RIGHTS

LANSING, Mich. (AP)—Michigan's constitutional convention plunged anew Thursday into its task of rewriting the basic law of the state.

Delegates heard a plea from former President Dwight D. Eisenhower Wednesday that they lead the way in a drive for states' rights and a return of power and authority to state governments.

The former chief executive spoke for more than an hour, giving the convention his views on federal-state relationships. About half the time was devoted to answering questions from the delegates.

CAN LEAD WAY

In championing states' rights, Eisenhower declared that the pendulum of power has swung far from the states toward the federal government.

Eisenhower said Michigan can lead the way for the other 49 states to have returned to them the responsibilities best exercised by the people of a state.

"Michigan's example of self-examination and its assertion of responsibility and authority could lead to like action in other states of the Union," he said.

UNION LEADER IS ELECTED TO 2-YEAR TERM

By NORMAN WALKER
BAL HARBOUR, Fla. (AP)—George Meany emerged today with a new two-year term as organized labor's top leader and important new tools for dealing with labor's internal and racial problems.

Meany, 67, came out of the week-long AFL-CIO convention with his authority over the 12.5 million member federation more solidly established than ever.

His major accomplishment was in persuading rival building trades and industrial unions to agree on nailing down a tough new disputes settlement system as part of the AFL-CIO constitution.

"This will free us," Meany told the final convention session Wednesday. "free our energies and our time and our money to turn to the real problem, which is to defend the people we represent."

RIFT IS SMOOTHED

"We have come a long way, but we are still threatened by those who toy with the idea that America would be a better place if we had no unions, or impotent and weak ones worse than no unions."

Besides establishing the new disputes-handling procedure there were other convention highlights.

Meany smoothed over a rift with A. Philip Randolph, Negro president of the Sleeping Car Porters Brotherhood. The split had aroused the ire of Negro organizations. Meany put aside a censure move against Randolph and the latter took back some harsh words against Meany.

The convention authorized a civil rights department at AFL-CIO headquarters in Washington to move on its own initiative to expose and eliminate instances of race bias found in labor organizations. Meany promised to put an effective staff to work in the department.

Meany nipped in the bud a drive on the part of some AFL-

woman could feel pretty forlorn. Still it must be admitted that the pressure on the busy homemaker can get a bit thick, both fatiguing and jitter-making. And then the fun goes out of days meant for fun. Let's not have that happen!

The work load, and the hurry and flurry that goes with it, is cut to size when you follow this pattern of operation: Before this

CIO union chiefs to accept back the expelled Teamsters Union.

Instead, convention delegates authorized Meany to continue to treat the Teamsters as he has all along—that is, permit their return only after they depose teamster president James R. Hoffa and demonstrate a corruption clean-up.

Meany was re-elected to his \$45,000-a-year post as AFL-CIO president by acclamation, as were other federation officers.

The new disputes plan provides for a combination of mediation efforts and eventual arbitration of interunion squabbles about work or jurisdiction rights, membership raiding and unethical organizing tactics.

BOYLE'S Grab Bag

By HAL BOYLE

NEW YORK (AP)—Sometime, years from now, my daughter will ask me around Christmas what I appreciate most.

If I am honest, I am sure I will have to tell her that the sweetest second of my existence was the one after I was sure that a man didn't shoot me through the head.

At the close of the second World War, another correspondent and I were poised at Pilsen, Czechoslovakia. It was about 55 miles from Prague, and the Czechs sent men through the lines pleading for the Americans to come and free their capital.

This could not be done. A political line had been drawn.

SEEK OWN DISMAY

I asked the commander of our area whether we correspondents might move. He implied he had more important concerns at the moment, and shrugged us free to seek our own dismay.

The Germans had, we hoped, been given an order not to fire toward the West that day.

Cy Peterman of the Philadelphia Inquirer and I took a jeep and drove through 55 miles of fully armed Germans retreating to the West to reach Prague.

It was the very end of the war and the area was in tumult. The citizens of Prague greeted us as if we were the vanguard of the American army sent to free them, as their emissaries had asked. We were not. We were only two U.S. correspondents in a jeep.

RUSSIANS ARRIVE

Shortly after Cy and I entered Prague, a Russian motorcycle came in from the West. Then, Russian after Russian came in and the individuals became a series of waves.

Peterman speaks broken German and spoke it. I am afraid that I looked like a German sergeant in search of command. The brave Czech people knew we were Americans, but the incoming Russians didn't.

Twice the Russians started to

shoot us. The Czechs intervened. I figured we might run out of local help and said, "Cy, I think we'd better get out of here—our Allies don't seem to know us too well."

He agreed and we left—with the help of the exultant Czech patriots.

NAZIS DOWN ARMS

We caught up with the retreating fully armed German SS columns and drove through and past them back to the area of Pilsen again.

As we neared Pilsen the patrols of the U.S. 2nd Infantry Division were disarming the arriving Germans. They pointed at the roadside ditch, and the Nazis threw down their arms.

Cy wanted a souvenir and slowed our jeep as a German truck loaded with Nazi troops paused at a throwaway point. We got down into the ditch to pick up some souvenir guns.

I looked up and there was a German with a pistol pointed at the middle of my forehead. I thought, "Well, this is just my luck. After all these years, at the last moment I have to meet a surrendering German who has enough sense of humor to pull a final trigger."

There was only one thing to do. I gestured imperatively at the ditch.

He hesitated and then his gun tumbled down into the ditch. I reached down and seized it, and got out of there.

But after all these years I am grateful at Christmas—and other times—to that unknown German soldier who could have pulled that trigger, considered it—and didn't.

CHANGES NAME

NEW YORK (AP)—Actor Richard Malek keeps changing his stage name.

He performed in two Broadway plays under his real name in 1949 and 1950, then adopted John Heldabrand for subsequent performances. For "The Garden of Sweets" this season he has registered another name with Actors Equity—John Balzac.

The shift, he explains, stems from the difficulty people had in spelling his first adopted name. The new one was chosen because one of Melek's favorite authors is the famous Frenchman.

Dialect Problem Solved By Butler

NEW YORK (AP)—When a dialect problem popped up in preparation of "The Complaisant Lover" for Broadway, producer Irene Mayer Selznick found the solution at home.

The comedy calls for a valet to speak some Dutch and to articulate English with a heavy accent. Unable to find a player with that particular skill, Mrs. Selznick and director Glen Byam Shaw settled for an American actor.

Then the producer persuaded

her own butler, a Netherlander, to record the problem dialogue, and the tape was turned over to the actor for diligent study.

AFRICAN SCHOLARSHIPS

GENEVA (AP)—The World Council of Churches is expanding its scholarship program for African students. About 75 students will be aided during the 1961-62 academic year, compared to 25 under the current program.

Twelve of the first 41 PGA gold tournaments of 1961 were decided by playoffs. The PGA believes this to be a record.

ASKS MORE U.S. AID FOR EAST CONSERVATION

WILLIAMSPORT, Pa. (AP) — The federal government should spend a greater proportion of its conservation funds in the Eastern part of the United States in the opinion of Pennsylvania's forests and waters secretary.

Secretary Maurice K. Goddard told a special water pollution control dinner here Wednesday night that the greatest part of the U.S. government's spending for such things as water pollution control is in the West.

Consequently, he added, the greatest concentration of population in the northeastern states get the smallest allocations, even though their pollution problems are more acute.

250 AT DINNER
Some 250 persons attended the dinner, sponsored by a dozen regional conservation and sportsmen's organizations.

Goddard also urged extensive planning for Pennsylvania's river basins. He said he is particularly interested in seeing more reservoirs built on tributary streams to provide what he termed "augmented flow."

Through control of water in storage reservoirs the flow of water in streams and rivers could be augmented in dry seasons to prevent or alleviate pollution, such as caused an extensive fish kill on the north branch of the Susquehanna River in October.

DRY SPELL COSTLY

The State Fish Commission reported that the damage to natural life in the stream was increased because the river was at a low stage as a result of an extended dry spell.

Robert Harris of the U.S. Public Health Service told the meeting of the need for pollution control as it applies to health matters.

John C. Youngman, Williamsport attorney and conservationist, traced the history of Pennsylvania's 25-year-old clean streams law.

Goddard disclosed that a symposium will be held in Pittsburgh next year to coincide with the 25th anniversary of the clean streams law. The Federal Water Pollution Advisory Board will hold a meeting in conjunction with the state meeting.

The main aim of the symposium, said Goddard, will be to seek statewide solutions to pollution control, particularly mine acids.

FAMOUS MARKS AT GRUMAN'S WILL REMAIN

By BOB THOMAS AP Movie-TV Writer

HOLLYWOOD (AP) — Note from the boss: "Nostalgic piece of footprints at Grauman's? N. Wood 138th in 34 years. When do they remove the blocks? On death? Any footprints still around but nonworking, whose blocks have been consigned to the graveyard of Grauman's blocks?"

Note to boss: Went to Grauman's Chinese Theater; you'll note it confirmed on my expense account. No gawkers around, so I had the blocks all to myself and the doorman.

All 138 blocks present and accounted for, including damp cement with petite paws of Natalie Wood. Bum steer on block graveyard. Blocks may be dug up and moved, but never tossed out. Once you're in cement at Grauman's, you're in to stay.

NOSTALGIA EVERYWHERE

Nostalgia everywhere you step. Oldtimers get tramped on the most. These names in front of the theater entrance: Bebe Daniels, Marion Davies, Mary Pickford, Norma and Constance Talmadge. Most of the early signers wrote messages to Sid Grauman, who built the gawdy house (and later lost it).

Memo: Don't crack jokes in cement; Eleanor Powell's inscription to Sid: "You're 'taps' with me." She left her metal taps in the goo. Other impressions: Betty Grable's legs, William S. Hart's

guns, John Barrymore's profile, Joe E. Brown's mouth, Jimmy Durante's nose, Al Jolson's knees, Sonja Henie's skates, Bob Hope's nose, Harold Lloyd's glasses, Monty Woolley's beard.

Observation: Cement lasts longer than Hollywood marriages. Barbara Stanwyck and Robert Taylor share a block dated 1941. Dick Powell and Joan Blondell are side-by-side in cement though not in life. They co-autographed in 1937.

GERMAN ACTOR

Who is Oskar Werner? A good question. He's a German actor who appeared in "The Big Life". Therein lies the failing of the footprints. Too often they were used merely to publicize a current movie, rather than to reward an enduring star.

Most of the kids made it: Shirley Temple, Jane Withers, Freddie Bartholomew, Jackie Cooper, Deanna Durbin, Judy Garland, Margaret O'Brien, Donald O'Connor, Mickey Rooney. Plus a lot of grown-up greats: Gable, Bogart, MacDonald and Eddy, Astaire, Cooper, Chevalier, Crosby, De Havilland, Davis, Crawford, Garson, Grant, Dressler, Beery, Harlow, Fonda, March, Skelton, Stewart, Taylor (Bob and Liz), Williams, Turner, Wayne, Hudson, right down to young Miss Natalie Wood.

But no Charlie Chaplin, Mack Sennett, Spencer Tracy, Errol Flynn, Marlon Brando, Claudette Colbert, James Cagney, Ingrid Bergman, Frank Sinatra, Grace Kelly, Ronald Colman or William Holden. Nor Rin-Tin-Tin.

Southpaw Jim O'Toole led Cincinnati's pitchers during 1961 with 176 National League strikeouts in 252 innings. Joey Jay had 157 strikeouts in 247 innings.

Calderwood, Hank Match Is Tossup

DETROIT (AP) — Chic Calderwood and Henry Hank are rated even-money in their scheduled 10-round fight here tonight — and their weights might be almost as close by fight time.

Calderwood, British Empire lightweight champion, must not weigh in today (12 noon EST) at more than 176. Hank, Detroit's sixth-ranked middleweight contender, said several weeks ago that he expected to make about 166.

But Hank is known as a man who likes to eat and one who is outgrowing the middleweight division. Since his manager, Harry Baxter, says he has put Hank on his own as far as his weight is concerned, Hank could weight a lot closer to 176.

Calderwood, from Glasgow, Scotland, has won 31 of 33 fights. Hank shows 49 victories and 13 losses.

Says U.S. To Have Big Business Boom

MOBILE, Ala. (AP)—The United States will have its biggest business boom in history in 1962, says the president of Sales and Marketing Executives International.

Leland F. Lyons, who also is vice president of the New York Life Insurance Co., said Thursday production and sales on a national level will increase 7 per cent for all goods and services and unemployment will show a great decrease.

Lyons said his estimates and opinions are based on personal observations and business and industrial surveys.

Kennedy Learns Discussing World Problems Is Much Easier Than It Is To Settle Them, Declares A. P. Reporter

EDITOR'S NOTE—Discussing world problems is one thing, trying to solve them another. John F. Kennedy, after making the transition from candidate to President, was not the first to discover this truism—though his lesson may have been unusually dramatic. This is the last of five articles.

By ARTHUR EDSON
AP Staff Writer
WASHINGTON (AP) — During his presidential campaign John F. Kennedy often pointed out that, while the Republicans were in control of the White House, the iron curtain had been rolled down in once friendly Cuba.
"If you can't stand up to Castro," Kennedy said in Johnstown, Pa., "how can you be expected to stand up to Khrushchev?"
This is repeated not as a re-proof—if presidents were judged by their campaign talk they would all be failures—but as an illustration of how far Kennedy may have underestimated the difficulties in modern international relations.

FELT CONFIDENT
Not that Kennedy, even when the campaign was hottest, ever took these problems lightly. But example after example can be cited to show that he believed that, with proper diligence, answers favorable to the United States could be found.
Let's look at just a couple more from 1960.

"I am not satisfied with the drift of events today," he said in Granite City, Ill. "I am not satisfied to be reading every day that Khrushchev and Castro and the Chinese are on the upward march. I want to read that the United States is once again asserting its leadership as a great and free country, which offers a ray of hope to all those who wish to follow our example."

'NEVER AHEAD?'
Or in Fargo, N.D.:
"Can you tell me anywhere in a crisis, from Cuba to the Congo to Laos, where the United States has been ahead of events?"

For a man who had hoped to control the tides of history, the Cuban fiasco must have been as bitter a blow as any president ever received in what, theoretically, was a time of peace.

It shocked and dismayed his friends.
It loaded his enemies with ready-made ammunition, although a few rushed out to shoot during such a critical time for the nation. One prominent Republican, who never had liked the Kennedy picture of infallibility,

commented recently that "Cuba was a godsend."
Those who believed that U. S. Those who believed that U. S. intervention in Cuba was immoral blamed Kennedy for being mixed up in it.
Those who wanted action blamed him for not following up with the strength that would have made the invasion successful.

Communists—and many who weren't Communists at all—claimed this as fresh evidence that Uncle Sam is an imperialist meddler, never to be trusted.
Out of this, one haunting question continues to arise: Hit with such a disaster so early in his term, has Kennedy been more timid, afraid of even mild risks, than he might otherwise have been?

A man close to Kennedy insists the answer is no, but that he has made sure it never happens again.
Those around Kennedy maintain this nation is doing much better internationally than is generally thought.

They make these points:
If Laos and the Congo remain as dangerous as ever, at least the Communists haven't taken over.

STEM RED TIDE
If Castro is still boss of Cuba, a more active interest in South America has helped to stem the spread of Castroism there.
If Berlin remains unsolved, intricate proings for solutions continue. Or, in the words of a White House assistant: "We're a long way from out of the woods, but at least we have some basis for negotiations."

If the international situation remains critical, the military has been strengthened—two-thirds of all money added to the budget has been in this area—and a start has been made on civil defense.
Yet even in its most favorable light, all this isn't seizing the initiative. And nearly all these explanations could have been made a year ago as well as now.

As Sen. Margaret Chase Smith, R-Maine, said in the Senate on Sept. 21: "What has happened that permits Khrushchev to act as he does? Let me repeat: What has happened that lets him do it?"

"SCARS AND STAINS"
"Understand me, please. Not what he is doing. We know that only too well. Our national honor bears the scars and stains of what he is doing now and has done in the past. And he has warned us, arrogantly, of what he intends to do in the future, which is even

worse. These things we know. "But today—now—why does he feel free to do as he does? Why?" Mrs. Smith's questions sound like a paraphrase of Kennedy's campaign talk. That they still are asked a year after the campaign shows how hard it is to find acceptable answers.

Perhaps none of us fully realizes how radically the presidency has changed.

William McKinley once commented to a visitor that, since he hadn't looked at the map, he had no idea where Manila was.

Franklin D. Roosevelt, during a war truly worldwide, had few thoughts about most of Africa.

BEWILDERING WORLD
Even Dwight D. Eisenhower took office in the pre-space age. All our recent presidents have had to operate in a new, exciting and often bewildering world.
It has turned into a world of megatons, of moon shots, of new nations popping into existence so

rapidly professional geographers must be in difficulties.

Whereas foreign affairs once took little of a president's time, they now threaten to consume all of it.

Whenever administration officials are asked why Kennedy has not pushed harder for his domestic program, or why he has not explained his—and the nation's—problems to the people more fully, the answer always is: The President is too tied up with foreign affairs.

HEAVY FOREIGN BURDEN

There's no way to determine whether Kennedy really is this occupied, or whether this reply is designed to cut off further questioning. After all, Eisenhower had heavy foreign burdens, too.

But no one can doubt the enormity or the complexity of the problems created by an implacable foe and by Allies of widely differing aims and hopes.

On his recent trip through the West Kennedy tried to explain some of his difficulties in foreign affairs.

"We must face problems," he said in Seattle, "which do not lend themselves to easy, quick or permanent solutions. "And we must face the fact

that the United States is neither omnipotent nor omniscient, that we cannot always impose our will on the other 94 per cent of mankind, that we cannot right every wrong or reverse each adversity, and that therefore there cannot be an American solution for every world problem."

This is a far different tone than he used while campaigning in Johnstown or Granite City or Fargo.

Johnstown or Granite City or Fargo.

But responsibility is often humbling.

And to close this evaluation of the President let's turn to a top Republican, harshly critical in other areas, who said: "In times of crisis, you're first concerned about your family, your own existence. He is the President of

SPLIT SCHOOL DISTRICTS MAY BE PERMITTED

HARRISBURG (AP) — Split school districts should be allowed in some places under the terms of the state's new compulsory district reorganization law, a special committee concluded Wednesday.

The 21-member committee has the task of getting proposed standards in shape for carrying out the reorganization. Their report is to be submitted to the State Council of Education next week for final action.

The committee met to revise its tentative standards in the light of a series of 10 public hearings held around the state by the Department of Public Instruction to obtain

opinions and reaction from schoolmen to the standards.

CITE EXCEPTIONS

The question of divided districts was included in the first standard. It proposed that reorganize districts consist of contiguous (adjacent) areas.

Various members pointed out, however, that there are some school units now where the member systems are separated by other systems.

BRYAN REPORTS

The committee compromised by adopting a proposal that exemptions be granted from the "contiguous" standard to divided districts in existence last school year (1960-61). There are less than 10.

The exemption would be applicable only to situations where the divided district could stand alone under the new law's stipulation that the minimum population of reorganized districts — effective with the 1965-66 school year, be

YULE SHOPPING SPREE MAY TOP \$23 BILLIONS

By JACK LEFLER
AP Business News Writer

NEW YORK (AP) — Shoppers' dollars are falling like snowflakes into cash registers as the Christmas buying season swirls toward what may be an all-time record.

Merchants across the country generally report that crowds started jamming the stores on the day after Thanksgiving day and have kept coming.

A trend toward buying fallout shelter equipment as household gifts was noted by some merchants.

"It's wonderful!" chorled Joe

Falk, owner of a big Kansas City toy store. "People are looser with their money than last year. They are buying the good stuff and don't care what they have to spend."

MAY TOP \$23 BILLION

In some areas, however, buying was about on a par with last year or a little lower. Apprehension over the international situation and anxiety over further call-up of reserves made some people cautious about heavy buying.

The United States Chamber of Commerce predicted Americans would spend \$23 billion this Christmas, up 4 per cent from record 1960. The National Retail Merchants Association forecast a 2 per cent gain.

An Associated Press survey of merchants in major cities indicated that in most areas people are buying more and better merchandise, have lost much of the caution that marked their shopping

BLAME CRANK FOR BOMB FUSS

PHILADELPHIA (AP) — Rep. William H. Green Jr., D-Pa., chairman of the Democratic City Committee, says a homemade bomb he found in his driveway apparently was the work of a crank.

"About all I can imagine is that it was the work of a crank," said Green after police were called to the scene. The Army Ordnance Bomb Squad from Valley Forge took the weapon apart and reported it contained a coarse grain propellant powder — about 11 ounces — of a type used in military shells.

"I don't think any decent person would do anything like that," said Green. It is too serious.

At the same time Green disclosed he received a death threat last August over a controversial state reapportionment plan.

Authorities said the bomb apparently had been hurled at Green's house from Frankford Avenue. The house is about 100 feet from the avenue and the bomb landed some 30 feet from the house, next to the center driveway.

Lt. Richard H. McGlaun, head of the Philadelphia Bomb Squad, said had the bomb exploded it probably would have blown out a window or two, killed the occupants of the house and peppered the facade with metal fragments.

So I went to 30 West And I'm now all aglow. Like this ad says I got more for my dough. Now I laugh at the bumps And get mileage galore. My new car looks swell and Here's something more. labor, feasting, or in any other way . . . shall be subject to a fine of five shillings."

The law was repealed in 1681 but many of the Puritans were not reconciled to this action. Secular reveling at Christmas had often interfered with religious devotions and offended the Puritans' moral sense. This intensified their sectarian hostility to the religious observance of Christmas — an attitude they maintained for the better part of two centuries in parts of New England.

The fun-loving Dutch colonists of New Amsterdam, however, celebrated Christmas as their chief holiday. They brought the old customs from their homeland, especially the Christmas stocking and observance of the feast day of St. Nicholas.

In the Southern colonies, the planters celebrated the yuletide with feasting singing, and dancing. On many plantations slaves were given a holiday as long as the great yule log burned.

The latter half of the 18th century saw a swing of attention to the realm of economics and politics and religious controversies became of less importance. The fact that English and Hessian troops celebrated Christmas during the Revolutionary War may have added a patriotic note of the denominational controversy.

General Washington crossed the Delaware River on the night of December 25, 1776, to surprise and defeat the Hessian troops stationed at Trenton, N. J. In the opinion of one writer, Washington's bold venture succeeded because the Hessians were enjoying their customary Christmas revels and failed to maintain the usual watch and patrols.

However, denominational opposition to the ecclesiastic observance of Christmas continued into the second half of the 19th century. An

account in the New York Daily Times for December 26, 1855, read:

"The churches of the Presbyterians, Baptists and Methodists were not open on December 25 except where some mission schools had a celebration. They do not accept the day as a Holy One, but the Episcopalians, Catholic and German Churches were all open. Inside they were decked with evergreens."

In the 20th century, all denominations have embraced Christmas widely both as a religious and as a social celebration. Today, men, women and children in every Christian land crowd into churches to give their thanks. More than one fourth of the world's population — about 800 million people profess some form of Christian faith.

The splendor and beauty of Christmas observances is very different from the humble stable in Bethlehem where Christ was born; but the message He brought to the world is the same — "Glory be to God in the highest; and on earth peace, good will toward men."
